# **IF YOU WISH, PLEASE GIVE ADDITIONAL COMMENTS ABOUT THE QUALITY OF THE YOUTH EXCHANGE (YOU CAN HIGHLIGHT BOTH POSITIVE AND NEGATIVE ASPECTS)**

## **POLISH GROUP LEADER:**

I do not find any negative aspects. The cooperation between the leaders was at a very good level. Participants created the exchange topic which was important for them, expanded on it, and collaborated well with peers from other countries. The youth conducted many workshops, shared their experiences, and, in the end, concluded that it was a very valuable and satisfying experience for them.

## **LITHUANIAN GROUP LEADER:**

I am very satisfied with this youth exchange as well as with the other that were organised by Heureka Generator. All the activities are perfectly planned, introduced and organised as well as all the logistics. Young people learn a lot about themselves and about the topic. An international team gives an additional value to the project. Many thanks to the leader of Heureka Generator Andrzej Smyk, who puts all his experience and heart into youth exchanges.

## **SLOVAK GROUP LEADER:**

The quality of the Youth Exchange was excellent, with participants showing remarkable engagement and initiative. They actively participated in all activities and even took the lead in organizing some of their own, demonstrating creativity and leadership. It was encouraging to see their confidence grow as they willingly stood in front of the group to present or lead sessions. This high level of participation contributed to a dynamic and collaborative atmosphere. While there is always room for refinement, the overall experience was highly positive and impactful for everyone involved.
